“ *I met Ann while working at Lancaster General Hospital Fondation Division, while implementing financial donations for the Ann B. Barshinger Cancer Center, from start to finish, from ground breaking to celebration of completion. Her financial generosity will forever be a reminder of her caring heart in helping a much needed cause. No matter what, her support in the implementation of the Center shows her amazing integrity of a beautiful philanthropist that she was. She always had a warm contagious smile. Thank you Mrs. Barshinger for all that you've done in giving the "gift of hope". Rest well dear heart rest well Angel!*

“ Loved, Loved, Loved all my lunches and dinners with the funny, sarcastic and most generous Ann B. Barshinger. We communicated by phone for over a year and then I met her at her home when her beloved Dick was ill in 2001. She gave me advice and has supported the Susan P. Byrnes Health Education center for over 20 years. I am most grateful for her generous support and also the creation of the Ann B. Barshinger Cancer Center: our beloved son-in-law Nate was treated there in 2021-23 for his very rare cancer. I've shared Ann's quote: "there isn't a u-haul behind the hearse" with many givers. I'll miss our shared stories and laughter, Ann. With a grateful heart, Susan P. Byrnes, R.N.

“What a giving, caring woman. I had finished my chemo the year before the ABBCI opened, but went to the open house and many follow-up appointments there. A wonderful place so close to home filled with great staff and encouragement. Pat White, 12 yr breast cancer survivor.
