“ *Dear Gene and others,
I want to express my condolences since I learned of Ken's passing.
Being in Florida, I don't get Lancaster news as frequently as before.
You all asked about my mother and Earl and I, just as we asked
about your families when our mothers were alive. Their friendship
from 4th Streeet extended to the next generation, and we know that
you all will have wonderful stories to keep the memories alive.
Blessings to you all in this time of loss.
