“ *To Sue and her family,
I first met Tom at the pharmacy. What a wonderful person. Such a great loss. Tom was one of the best people I know. Always ready to help whenever I needed it. Fun-loving, super nice. I have two eggs he made for me, and I loved them so much I had him make some for me for Christmas gifts. What a talent he had.
Tom will be missed by all. My prayers go out to you and your family. Such a great picture of Tom. I remember that smile well.
Take care.*

“ To Sue and family,

I had the pleasure of getting to know Tom thru our work together at Ganse Apothecary.

I only work 3 days a week but I'd always get a big smile and a nice greeting whenever Tom passed me by. He was such a nice, caring, kind, thoughtful soul. He is going to be missed. He often shared memories of his vacations and, if I remember correctly, last year Sue, you and he enjoyed a vacation together, alone, the first in quite a while. He shared how much he enjoyed that time together and I remember him saying with a grin that you both did a lot of walking on that vacation and how surprised you were at how well he was able to keep up with you. Titus and Riley, he talked about you all the time. He loved you dearly. Amy, I'm the lady who made the candle for you with the turtle on top. Tom told me how special your turtle was to you, so he had me make that candle special just for you. He was one of a kind and he loved you all very much. My mother in law was a member of Church of the Apostles for many years and in her younger years (she's 90 years old now) she always attended the yearly Christmas Bazaar. She has several of yours and Tom's beautifully handmade decorated Easter and Christmas Eggs in her china cabinet. They are so pretty and dainty. What a wonderful business and hobby the two of you shared together for many, many years.

Love Tom's picture you posted above with that smile I'm going to miss so much. He looks so happy.

My heartfelt sympathy goes out to all of you.

Sincerely,

Sue Zipp (friend and co worker)

“ Tom could always bring a smile to my face. He was a caring and loving man. I will always remember how he helped me start up my own business in art. He was always resourceful and willing to help. I loved how proud he was of his grandchildren and posted pictures of their concerts and sports events. It is hard to imagine going to his house and not hearing him call out from his back room, sharing a funny story or just a friendly hello.

Amy, Sue, Mark, Justin, Titus and Riley. I will be there for you any time you need to fill in the emptiness I know you are feeling. To talk, to remember and just be there for you. I lost my father when I was 22. I remember it all too well. Lean on your friends, and remember, he will be watching over you. Love to you all.
